

Hey Wankers!

I refuse to be humiliated in circle again so here is Bavarian's Hash Trash for Jhavelina Hash #1085 - Cock In A Bottle Hash hared by Scooby and Klitty (Eagles) and Cock Stalker & Neutered (Turkeys).

The 36 Hashers (and non) who graced us with their presence are:

Cavity Search, Pee Shooter, Stella, Just Taylor, Good & Tight, Just Regina, Virgin Mary, Just Amy, 3IY, Doggie Style, Just Courtney, Did Ya, IP Freely, Bavarian, Bam Bitch (or Bitch Bam??), Has Hid Dick, Half Hash, Just Matt, Sea Spank, 58, Butt Plug, Crusty, Joystick, Just Henrik, New Car, Dud Muffin, Zammy, My Shame Will Keep Me Warm, Stud Muffin, Sextortionist, GFM, Check out my Phallis, Virgins were Just Matt, Just Henrik and Just Amy (my apologies if I missed a virgin – I don't take freaking notes and one beer and my short memory is pssst..

The trail (Eagle) started at Sam's Club and went north across the parking lot, west on River Road (west of Oracle Road by the bowling alley, the clever little hares lead us astray south toward the River Path only to back track to River Road west again and then south a bit later to the Children's Memorial Park. Hashers crossed the (very dry) Rillito and up the other side to the beer check. From the beer check it was through the Auto Mall (where Scooby almost got snared while trying to wheel and deal a "Cash for Clunkers" deal at one of the car dealers....) The trail then headed to Tucson Mall – some Hashers took the scenic route through the second story parking garage by Dillards – others actually followed trail into JC Penney's and through the middle of Mall and back out of Macy's. Mothers were seen shielding their children's eyes and turning away as Stella bounded through the crowd. Others spotted GFM off trail fondling garments in the lingerie department at Macy's. On out Macy's the Hashers went – back to Wetmore Road and (surprise, surprise – I'll get to that in a minute) up 4th Avenue to Don Hummel Park.

Hashers hauled the beer and bitch coolers away from the little family gathering to the ANT PARK (as IF they couldn't hear us anyway....the family not the ants—we're hashers and I feel compelled to spell it out for you...)

Bavarian began circle by once again calling 58 and me (Has-Hid Dick) into the circle – when he did this last week I know what we were both thinking – a little twisted German (sorry – Austrian) humor – and you know you guys were thinking it too – admit it! But alas – it was only because we have failed in our APPOINTED jobs – 3IY and Klitty joined us - again. We have all redeemed ourselves in the meantime – 58 – it's not too late - you have four days or you'll be alone in the circle!

Klitty once again stepped up with a sermon in place of our MIA RA Royal. Nominations for FRB should have included Stud Muffin and Sextortionist...Stud asked Scooby about the trail at the beer check and Scooby dished the ending location....

And then – it was past my bed time and I had to go home....

On – are you happy now Bavarian? – On
